- Created Restful web services and checked the code quality by automation tool like sonar. Build the batch processing for the intraday & night process

## PROJECT EXPERIENCE

<b>Project</b>	<b>POINTX (Mobile Application):</b> March 2021 - Present.
Technology	Microservices, Spring Boot, Spring Security, Spring JPA, MongoDB, Maven, GraphQL, Keycloak, Gatling, Redis cache, Jaeger tracing, Kafka.
Project Synopsis	PointX is a mobile application developed from scratch for a Thailand bank 'SIAM', for its customers to do shopping using the credit points. Used Spring Microservices to create nearly 30 microservices from scratch using JDK 1.8 with Mongo Atlas as the database. Used GraphQL as API Interface. Also created batch jobs for bulk data synchronization with DB from the Data Science files stored over Amazon S3 buckets. Used Kafka for these bulk data operations, to publish lacs of data and listen and store them in DB making the process asynchronous.
<b>Project</b>	<b>MoveSpot (Web services):</b> March 2020 - Present.
Technology	Core Java, Spring Boot, Spring Security, Hibernate, My SQL, Gradle
Project Synopsis	Movespot is a social media based mobile app that equally combines social media, social networking, and event planning all into ONE platform. It enables users to attend moves and events that enhance face to face personal interaction for enjoyment and fun using our cutting-edge social networking and event planning platform.
<b>Project</b>	<b>Bhit (Web services):</b> November 2020 – Present
Technology	Core Java, Spring Boot, Spring Security, Hibernate, My SQL, Gradle, ffmpeg Libraries
Project Synopsis	Bhit is video sharing application for a user where they will be able to record a video and post it on the platform. It will help a user to recognize their talent and get some work in the same field. The highest likes, comments will define the video popularity, and based on that their sequence will be set, User will see the videos based on their location. The business user will be there to prompt their business by posting ads in the video form.
<b>Project</b>	<b>DrGourmet (Web services):</b> October 2020 – Present
Technology	Core Java, Spring Boot, Spring Security, Hibernate, My SQL, Gradle
Project Synopsis	Web & mobile application where end user will be able to track their daily calories over time by entering information on their food and beverages consumed. Selections will be made by the user from the database. They will also be able to add their recipe details and other additional users will be able to access it with authorization by the primary user. Nutrition details will be fetched from third party sources based on item quantity and weight/measured amount.
<b>Project</b>	<b>Hangry (Web services):</b> June 2019 – December 2019
Technology	Core Java, Spring Boot, Spring Security, Hibernate, My SQL, Gradle
Project Synopsis	Hangry is Restaurant and review based mobile application for locating nearby restaurants as a diner guide and user can easily see ratings and reviews for the given restaurants.
<b>Project</b>	<b>Easee (Web services):</b> June 2019 – March 2020
Technology	Core Java, Spring Boot, Spring Security, Hibernate, My SQL, Gradle, Stripe Payment Processor
Project Synopsis	Easee is an E-commerce mobile based renting application for buying and selling services and goods such as electronics, fashion items, furniture, household goods, cars and bikes.
<b>Project</b>	<b>HealthyMale (Web services):</b> February 2020 – October 2020.
Technology	Java, Spring Boot, Spring Security, Hibernate, My SQL, Gradle
Project Synopsis	HealthyMale is a fitness-based app where users can subscribe to different workout programs and workout plans which consist of nutrition details and some materials for the demo.
<b>Project</b>	<b>Federal Home Loan Bank Of New York (FHLB-NY):</b> February 2018 – December 2018.

Technology	Java, Spring Boot, Spring Security, Hibernate, My SQL, Maven
Project Synopsis	FHLB-NY is a re-plat formed from existing power builder applications to spring boot applications using Java and angular.

## ACADEMIC QUALIFICATION

---

- **Bachelor's in computer science & Engineering** from Mahatma Gandhi Institute of Technical Education and Research Centre with 82% in the year 2017.
- **Diploma in Computer Engineering** from Vallabh Buddhi Polytechnic with 74% in the year 2014.
- **Secondary School** from Nagar Palika High School under G.S.E.B with 67% in the year 2011.

## PERSONAL DETAILS

---

Father Name	Ashok Patil
Address	Navsari, Gujarat, India
Language Proficiency	English, Hindi, Gujarati, Ahirani and Marathi.
Gender	Male
Date Of Birth	29 <sup>th</sup> August 1996
Marital Status	Single
Notice Period	2 Months

## DECLARATION

---

I hereby declare that all the details furnished above are true to the best of my knowledge.
